

HydroTap Cube Plus BCS Tap

Product Spec Sheet

HydroTap Cube Plus Boiling/Chilled/Sparkling (BCS) Tap

The HydroTap by Zip Water is not a faucet. With instant access to filtered boiling, chilled and sparkling water, it's cooking made easy, it's wellness at your fingertips, it's water at its best, and it'll be the most used appliance in your kitchen.

Enjoy the benefits of the Hydrotap system wrapped in the sleek design of the HydroTap Cube Plus tap style. The HydroTap Cube Plus offers a contemporary twist on a classic with its angular square shape which is softened by its rounded corners.

This tap style can be installed over the sink as a secondary tap or over our optional design range front/drip tray. The HydroTap Cube Plus tap is available in seven different finishes from a classic chrome to a modern gunmetal.

HydroTap Cube Plus BCS Tap

Product Spec Sheet

Installation Requirements

The HydroTap is a pump-driven system so the installation of the Tap must be within 3' (0.9m) of the base command center. Installation on most countertops is straightforward however, some stone countertops may require a specialized cutting service.

If using a drip tray (font) accessory, suitable drainage to a trapped waste is required within 3' (0.9m) of the installation. Sufficient space and clearance to install the HydroTap as detailed in the product installation guidelines is required.

Installation and connection of your HydroTap must be carried out by a qualified person, observing all local, state, & federal regulations.
